Dear Clerk

I was walking through the park by Pen Y Gelli and the council grounds men were cutting the grass, they had cut the grass right up to the border with the fencing. It occurred to me that if they did not cut about 10 foot from the sides it would allow for wild life such as butterflies and wild flowers to flourish at the same time saving the council money over a 12 month period by cutting less of the grass. I noticed they were doing the same in the bowling park. Both areas sterile of wild life due to over cutting. Would it be possible for you to bring this up at the council meeting for discussion.

Your sincerely

Allen Pritchard, 29 Cae Glas, Coedpoeth

**Next month:**

Standing Orders
